The Quaternion is an annual publication of the Department of Mathematics & Statistics at the University of South Florida-Tampa. The Quaternion is available online at

http://www.math.usf.edu/quaternion/

The department serves the community by teaching students, conducting research that will help build the future of Florida, and providing outreach services.

Appeal for funds

We are a growing department, and we strive to develop new programs to meet the needs and provide opportunities for our students and our community to fulfill their aspirations. With all due respect to Benjamin Franklin, many of the best things in education and scholarship cost money. We would appreciate any assistance we can get from alumni and the community. Feel free to contact our chair, Les Skrzypek, at the above address for details.
