Wanted!
Undergraduate Students to Serve as Tutors

To staff a new help center (STEM-mart) and provide tutoring for calculus students. In addition, ability to offer support in introductory courses in one or more of the following areas is desirable: biology, chemistry, physics, and engineering.

Requirements:
1. Must have completed through Calculus II (any sequence) with grades of B or better in calculus courses and be a full-time undergraduate USF student in good academic standing.
2. Preference given to those who have experience applying calculus to a real-world problem (e.g. through a project in Calculus II, in the workplace, or elsewhere).
3. Preference given to those who would be willing to continue through the entire 2008-2009 academic year; expected graduation date no earlier than May 2009.

Stipend: $10/hour ($1,000 for full semester).

Expectations
1. 6 hours work per week.
2. Work hours may be on weekends or evenings.
3. Work performance is subject to review; those who perform well can expected to be re-appointed for another semester.
4. Must be available for the entire fall semester.

Opportunity to excel
1. Improve your command of math and science.
2. Improve your chance of becoming an undergraduate researcher.
3. Tutor and peer leader positions will be available for spring 2009.

Applications available at [http://math.usf.edu/step](http://math.usf.edu/step)
Applications will be accepted until all positions are filled.
